4.3 Exit Ticket (2 per page)

Lesson 4.3 · Organic compounds · Grade 7 · MYP Year 3

Exit ticket · Lesson 4.3 Organic compounds · Work alone · 3 minutes · Name: ______________________

1. Recall. Which reagent tests for protein, and what colour change shows protein?

2. Understanding. Why does an olive leave a transparent spot on paper, but a potato does not?

3. Application. A student adds iodine solution to bread. It turns blue-black. What does this show? Which group is bread in?

✂ -
